Thank you, Tim. I'll check with folks here and see if we can do a call early next week.

Thanks Mike. Good idea. We would welcome a conference call as well, the sooner the better, since we have questions on your sampling and laboratory analyses.

I have copied our contacts as GHD Services, Inc. (Dyron Hamlin and Ben Chandler) on this message.

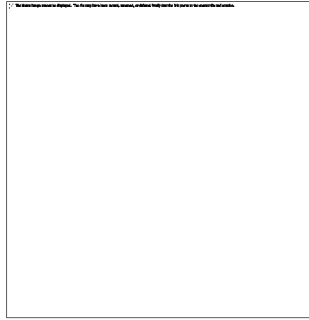

Having your questions in advance would be helpful. We will also forward to you our questions. Please schedule the call to occur as soon as you can.

Tim, Doug: Thank you for sharing the monitoring report. In addition to the Willowbrook report, we also received this morning a copy of the Draft for Review of the Burr Ridge report. (I'm not sure if this second report was meant to be shared given that it was a Draft for Review, but I wanted to note that we got it.) I discussed both reports with our monitoring team and they suggested having a call with your contractor so we can better understand the sampling and laboratory analyses that were performed. I can provide a list of questions in advance, if that would be helpful. Thank you for your consideration of this request.

Mike
